

ENVIRONMENT POLICY

Earth is the only home we know that can support intelligent life. At Jindal Steel and Power (JSP), we recognize the need to protect, preserve and improve the environment that sustains life on Earth.

Jindal Steel and Power is committed to:

- Maintain safe and healthy work practices for all its employees.
- Adopt sound environment management practices to achieve sustainable growth.
- Comply with all applicable statutory and other norms/ requirements for environmental protection.
- Institute and implement systems to deal with environmental issues, ensuring compliance and reporting.
- Evaluate effectiveness of system through regular audits and management reviews.
- Continually improve our environmental performance.
