Job Completion Certificate

Certified that the equipment “**Air Tubes – 6 Nos**” supplied by JSPL, Raipur against our Purchase order No. 1542000843 dated 07.05.2015 has been in operation without any glitches.

Grade: - ASTM A 608 HK40

The equipment was supplied by JSPL-Raipur to us as per our delivery requirements and to our full satisfaction considering the strident quality parameters were required to execute this job.

We also value the fact that JSPL puts a lot of emphasis on safety during their fabrication and manufacturing process. This is in resonance to the safety commitment that we follow at our organization.

We wish, JSPL-Raipur, all the very best for their future endeavors and would like to work with them again in the future.

Best Regards
